Limonada Profiles

Limonada Information Technology (Shenzhen) Co., Ltd. was founded on January 9, 2015, focusing on cross-border trade B2B, cross-border e-commerce B2C, domestic B2B trade, domestic B2C retail. Our headquarters office is located in the West Tower of Galaxy Twin Towers, the tallest twin towers in China, located in Bantian Street, Longgang District, Shenzhen. We have various kinds of products, smart home appliances, small home appliances, 3C digital products, etc. We are also actively exploring new categories and new markets. Fan is the main product in our company, we almost designed the different DC fan series for all the usage scenarios.

We have professional design and development team and excellent quality control system and efficient production system. "exquisite design, quality first, customer satisfaction" is our consistent aim, our company has been adhering to the "innovation forever" business philosophy, and we have obtained more than 100 patents at home and abroad.

Our business scope covers the whole world, and we have our own trademark ownership-Lemoistar in China, Europe, the United States, Japan, South Korea, and all the East-south Aisa Area. Through a variety of domestic and international exhibitions, cooperating with Alibaba International Station, Amazon and other channels, we are committed to: "China Design & Creation" products to the global market, we focus on high quality and creative design to meet customers and markets demand.

In addition, Limonada established a wholly-owned factory in 2016 which named 'Lemoistar (Dongguan) Industrial Co.,Ltd.', and relocated to Liaobu Town, Dongguan City in 2018. Our Factory Only produce the products developed by Limonada. Now the factory has achieved ISO9001 and BSCI system certifications.

Why Choose Limonada?
